

Machine Embroidery Club 2020

Do you own a Janome embroidery machine and would like to learn more about it? Come and join us for fun and informative sessions held every two months.

WHEN: 21st January, 17th March, 19th May, 21st July, 15th September, 17th November.

TIME: 1pm till 4pm

WHERE: Classroom, at the shop

COST: \$5 for each session you attend + sometimes a little extra for a kit. You will also be required to bring along a few supplies and these will be listed on the newsletter sent to you prior to the meetings.

FORMAT: Each session will include a different machine embroidery project whether it is simply learning how to stitch on towels, a small project done in the hoop or a different technique such as cutwork or applique. This will be a tutored session. Digitizing software and other areas can also be covered depending on the group's preference.

AIM: To provide a hands-on learning environment for you to discover more about your embroidery machine. It is important to us that our customers are enjoying their machines and getting as much from them as possible. The Machine Embroidery Club is perfect for all Janome or Elna machine embroidery owners whether the machine is an embroidery only model or a sewing/embroidery machine.

NEWSLETTERS: Newsletters will be issued on a regular basis at least two weeks before each session to inform you of the project and allow for you to let us know whether you would like to attend in order to have enough project/design material on hand for that particular session. Newsletters can be emailed or sent via post.

BENEFITS: To gain greater knowledge and confidence when using your embroidery machine. Enjoy a fun afternoon out with like-minded people and be inspired to push the machine embroidery limits!
